Resolution for PTSA

Agenda: Measures for further upliftment of Academic & Physical status of students & Innocent Hearts School as an institution.

To All the Members of PTSA & All Parents

India in the 21st century has seen & observed (and is having) a continuous and drastic change in the education system with the gradual inclusion of NEP-2020 – moving from rote-learning, teacher-centered classroom to the Interactive, Multimedia-based Smart Classrooms promoting student-centered teaching-learning experiential methodology. Post Covid-19 pandemic, the teaching methodology at Innocents Hearts is having Blended form of Education, comprising of Online/virtual mode, alongwith the traditional/physical classroom mode (that too with the inclusion of Smart Media, through LEDs & Smart Projection systems).

To enhance digital learning, Innocent Hearts created an environment of virtual classrooms. Online apps such as Admission 24 and Zoom were introduced to meet the challenges of online teaching. For effective teaching and learning, due emphasis is given on high speed internet bandwidth so all the schools have provision of Wi-Fi. Virtual software is also installed to deliver live classes. For more clarity and understanding, the students can have access to recorded lectures as well. Furthermore, the project on the MOODLE platform is being readied with a repository for providing access to digital content to the students.

For more personalized and flexible learning, an interactive app is made that caters to the needs of the learners. It has lesson material, presentations, videos, activity and play based assignments specifically designed keeping the learners in mind.

Moreover, as per CBSE guidelines, the Sports under Indoor & Outdoor games and other activities have been given an upliftment in Innocent Hearts School to help children come out as a well-groomed all-rounder personality. The achievers at these levels in Sports are also being given special benefits in the form of fee concession, enhancing their motivation, but simultaneously adding further monetary load on the ex-chequer. This is in addition to the financial help extended to the under-privileged students receiving concessions, besides, the meritorious being honoured for their achievements through scholarships.

The staff salary has also to be increased as per routine increment policy & considering inflation.

To cope up with all these enhancements, Innocent Hearts School, with the consent of the following members of PTSA has decided to proceed to enhance the fees maximum upto 8% per month in the School fee from next academic session 2024-25.

Despite all the above, Innocent Hearts still stands at offering Quality Education at Affordable Price.
